Overage is \$0.20/GiB. These rates include GST and PST.

You can combine plans, for example, adding Medium and Ultra for 530GiB/month.

The **Extra** (unlimited) plan must be approved by Larry as some Access Points cannot handle the increased traffic. Those on the Extra Plan are subject to the Fair Usage Policy and may have speeds reduced if their usage impairs network capacity and affects others.

Monthly Payment Plans for Annual Subscriptions

We offer a monthly payment plan if you pay through the First Credit Union or another bank and sign up for the yearly option. *It is not available for any period less than a year.*

You will have to set up a monthly payment plan through the bank. This can be done in person or on-line. You will need your GBIS/CityWest account number.

Terms of payment and penalties for late payment

Invoices are sent out near the beginning of the month for payment within 30 days.

Anyone consistently late, not communicating, or refusing to make payments are no longer eligible to pay quarterly and risk being cut off completely; see penalties below.

- (a) For invoices not paid within 45 days there is a \$3 late fee.
- (b) For invoices not paid within 65 days there is an additional \$10 late fee and internet speed is reduced to dial-up.
- (c) For invoices not paid within 95 days there is an additional \$25 late fee and service is suspended until all invoices have been paid.
